

YUCATÁN CRUISE NEWSLETTER

UPDATED CRUISE INDUSTRY INFORMATION FOR
THE PORT OF PROGRESO, YUCATAN, MÉXICO.

CRUISE INDUSTRY: WELCOME BACK!!!

Excited by the prospect of restarting face to face meetings and in representation of the Yucatan government for the port of Progreso, we were fortunate to be able to conduct meetings with members of the global cruise industry community at Seatrade Cruise Global 2021, which took place from September 27 through September 30 in Miami, Florida.

It was great to meet and speak with executives of the various cruise lines, our FCCA friends and tour operators. As well, we were able to establish new relationships with participants from all over the world.

During several successful work meetings, we were able to demonstrate to our guests the positive changes we have made in the ports infrastructure and related tourism services. In addition we showed them that we are committed to constantly improving the port of Progreso and making the destination one of the passengers favorite ports of call, for all cruise lines that include us in their itineraries.

We look forward to a positive future, one in which cruise activities are restored to 100% and in a safe way for all. In the meantime, here are the latest updates for the Progreso in this 13th newsletter.

PORT OF PROGRESO ACTIONS

International Cruise Terminal renovations

To welcome back our cruise passengers, SSA Mexico has given our cruise terminal facilities a more colorful and representative Mexican image. In addition, equipment and signs designed to improve biosecurity in the port area were installed.

The Yucatan Tourism Board added two installations with the promotional image of the state, renewed the tourist information booth and painted a welcome mural to receive the cruise ships.
